WHY THEY DID NOT FUSE

Ohio Democrats Nominate a Ticket.

SILVER REPUBLICANS DITTO

The Latter Party and the Populists Refused Places on the Democratic List.

COLUMBUS, O., June 30.—The Democratic state convention here today was one of the most memorable political occasions in the history of Ohio. It was a convention of unanimity on principle and of differences of men and especially those who were candidates for places on the state ticket. If the contest for favorites it was a convention of endurance, as the delegates took no recess and were in session continuously from 10 a.m. until almost that hour tonight.

It was a free silver convention throughout. Every candidate whose name was presented was announced as orthodox in silver and the silver doctrine as the cardinal principle for his favorable consideration. While there were some differences of opinion about adopting the anti-trust and the Cuban resolutions, there was not a dissenting voice in the convention to the free and unlimited coinage of silver at the ratio of 16 to 1 without the co-operation of any other nation. And the name of William J. Bryan was mentioned in some way by every speaker as the only sure way of bringing out a chorus of applause.

While there was no place on the state ticket accorded to either the silver Republicans or the Populists, yet representatives of both these elements co-operated in the convention and an industrial fusion was perfected. The silver Republicans and the Populists are themselves responsible for having no representatives on the ticket, as they would not ask it, and stated that they were more interested in the platform than in the office. Out of 956 votes cast for supreme judge, there were ninety-two for John J. Harper, a silver Republican. E. T. Hough, the favorite for governor, was slaughtered because of the opposition of the rural districts to the McLean men using the larger delegations from Cincinnati, Cleveland, Toledo and other cities to dictate the head of the ticket.

Those running next were Chapman, Welty and Sorg. Welty's name was not presented after his friends learned that Chapman had been agreed upon as the compromise candidate. Hough's name was withdrawn before the balloting began and the name of Sorg was withdrawn before the result of the first ballot was announced.

Although the McLean men had been in conference during the night and had agreed to go to Chapman, they scattered their vote on the first ballot and did not concentrate on Chapman on their second ballot more than was necessary to nominate, so as to dissipate as much as possible the report that McLean was naming the state ticket. It is conceded that the McLean men had an understanding with Mr. Chapman and his managers before the convention convened and the vote of the strong McLean counties for Chapman bears out the report. In addition to the state ticket nominated there is an implied arrangement for John R. McLean for senator, with the state candidates as well as the party organizations for him. Still, it is reported that ex-Congressman Paul J. Sorg will also be in the field for senator.

The McLean men did not name their favorite for governor or hold to the position as they had fixed them last night, but these concessions were made in the interest of harmony. They wanted nothing in the platform but the declaration for free silver as the paramount issue, but they would not vote against anti-trust and Cuban resolutions when once presented. And they claim all the favor and co-operation with Mr. Chapman that they could have with Judge Hough without entailing prejudice from the rural districts for having arbitrarily used their power.

When it became necessary for the McLean forces loyally to Chapman on the second ballot in order to end the contest, the solid vote of Highland county, the home of Waugh, went with the delegations from Cincinnati, Cleveland, Toledo and other cities that were strongly for whatever McLean wanted. When the convention was called to order by Chairman W. W. Durbin of the state central committee, he congratulated the party on the signs of the times and the enthusiasm in the party for free silver.

After prayer by the Rev. E. L. Rexford of the Universalist church, Hon. Uric Sloan was introduced as the temporary chairman. He also made a vigorous silver speech.

The committee on rules and order of business refused the question of leaving the state ticket to be filled in the state of Silver Republicans back to the convention without recommendation.

The report of the credentials committee was adopted and the temporary organization was reported permanent.

The platform as reported by resolutions was adopted with enthusiasm.

The anti-trust and Cuban resolutions offered to the committee last night were adopted.

Following is the ticket selected by the convention:

Governor—Horace L. Chapman.

Lieutenant governor — Melville D. Shaw.

Supreme judge—J. R. Sprigg.

Attorney general—W. H. Doyle.

State treasurer—James F. Wilson.

Board of public works—Peter H. Degan.

School commissioner—Byron D. Hard.

NOT SO SMOOTH.

Ohio Silver Republicans Nominate a Ticket.

COLUMBUS, Ohio, June 30.—The silver Republicans held a conference tonight and expressed great indignation. They said it was true they had announced they did not want a place on the state ticket, but the announcement was not made until after they were told they could not have it. They nominated a separate ticket. The Populists also announced that they would hold a state convention and have a separate ticket. The Prohibitionists will have two separate tickets, so there will be at least six state tickets in the field.

Mother and Daughter Suicide.

OWENSBORO, Ky., June 30.—Mrs. Pauline Weitmeyer and her daughter, Pauline, committed suicide by taking carbolic acid last night. Both were dressed in handsome clothes when found. Notes requesting that they be buried just as found were left on a table. They conducted a dyeing establishment and were in comfortable circumstances.

WATSON WANTS TO KNOW

How Populist Principles Are Going to Be Traded Off.

ATLANTA, Ga., June 30.—Thomas E. Watson, late Populist candidate for vice president, in an editorial in his People's Party paper issued tonight, discusses the coming Populist conference at Nashville, and makes a severe arraignment of National Chairman Marion Butler's policy. He says:

"We would really like to know how Populist principles are to grow by being traded off, first to one of the old parties and then to the other, and then we especially hunger and thirst to know how warfare on both the old parties is to thrive when an office barter exchange is established with us.

"We trust the Nashville conference will decide the vexed question of fusion in such a manner that no Populist can be uncertain of the party doctrine.

"Our own belief is that no gentleman will remain in the People's Party if the idea once gets abroad that Populism and Hessianism are synonymous terms. None of our voters are mere mercenaries to be traded for office in any market when there is a demand. No decent man will be caught in that company."

NAUGHTY WOMEN.

Play a Game of Cards on an Endeavor Excursion Train.

LINCOLN, Neb., (On board the Christian Endeavor train)—June 30.—This delegation of California excursionists arrived at 2 o'clock for dinner, which was followed by a rousing song and praise service on the station platform.

Considerable commotion was caused en route from Red Oak, Iowa, by four Chicago ma'ms who indulged in a game of cinch. These young women, who are not Christian Endeavorers, first sought the consent of the Rev. Mr. Bullock, whose sole rejoinder was "act according to your own consciences."

The fair card players were soon mixed up in a lively round of cinch, their example was promptly followed by other young people on board and even one elderly gentleman in the corner was indulging in a game of solitaire. This state of affairs was reported to the manager of the party who said that any members of the society found playing cards would be stopped immediately.

FIGEL BEHIND THE BARS

CHARGED WITH THE MURDER OF ISAAC HOFFMAN.

The Prisoner Becomes Nervous and Asks That He be Not Left Alone.

SAN FRANCISCO, June 30.—Theodore Figel is now in the city prison charged with the murder of Isaac Hoffman, the wholesale clothing merchant who was found dead in his Battery street office with three bullet wounds in his head four weeks ago.

Late this afternoon a warrant was issued for the re-arrest of Theodore Figel, who has been bookkeeper for Hoffman, Rosthchild & Company. At 5 o'clock Figel reported at the office of Chief of Police Lees and after being closeted with that official twenty minutes was taken to the city prison and booked on six charges, namely, one of murder, two of forgery and three of felony embezzlement. The murder complaint was sworn out by Henry Hoffman, brother of Isaac Hoffman. Figel will probably be arraigned on the new charges tomorrow. He had previously been out on bail on three charges of embezzlement but the authorities are now determined to keep him in prison and no further bail will be sanctioned. After he was locked up this evening Figel became exceedingly nervous and asked that he be not left alone, requesting that a newspaper reporter bear him company until the arrival of his friends. The newspaper man chatted with the prisoner until first his friend Taylor and then his father came to cheer him up.

WELLBORN'S DOWNFALL

THE INTERNAL REVENUE COLLECTOR GOES WRONG.

He Was a Prominent Democratic Politician and Was Appointed by Cleveland.

WASHINGTON, June 30. — Secretary Gage today appointed B. M. Thomas acting collector of internal revenue for San Francisco district, vice O. M. Wellborn. This action was taken upon receipt of the report of the special agent, who had discovered wrong doing on Wellborn's part, and that Wellborn had left the city to avoid arrest.

Wellborn has either made a dummy appointment and purloined the salary attached to the position or made such appointment under an agreement to divide the salary with the appointee.

SAN FRANCISCO, June 30.—The suspension of Internal Revenue Collector Wellborn created a profound sensation in the appraisers building today, and the fact that the collector had not visited the office since Monday last was freely commented upon. Special Treasury Agent Thrasher has been unable to locate the missing official, but is inclined to the opinion that he is still in the city. The agent declines to discuss the charges preferred against the collector.

Collector Wellborn was appointed by President Cleveland and his selection was urged by Senator White. He was then vice president of the Democratic state central committee and both prominent and popular with Democratic politicians. Of late, however, he has been leading a somewhat loose life, though none of his acquaintances suspected that he would stoop to wrong doing.

ELOPEMENT.

The Wife of a Millionaire Leaves Her Husband.

LOS ANGELES, June 30.—Mrs. John Bradbury, wife of the well-known young millionaire, and H. Russell Ward, a young Englishman, have eloped. It is believed they left the city on the northbound train this afternoon and it is said that their destination is Australia.

The elopement is the sequel of a compromising escapade of the couple at Santa Monica several days ago, which shocked the Four Hundred and set the gossiping tongues a-wagging.

Ward has abandoned his wife and two children, who are touring Europe for pleasure.

HILL'S HORRIBLE DEED

He Harasses Duke and Seeks an Altercation.

EVIDENCE BEFORE THE CORONER

The Prisoner Frequently Threatened Duke's Life—Hill's Parents in Town.

Coroner Long returned from Warthan yesterday, whither he had gone, accompanied by Deputy District Attorney Williams, to hold an inquest on the body of Lloyd Duke, shot last Sunday night by Leon Hill. The evidence taken by the coroner more fully explains the circumstances surrounding the tragedy than has yet been published and shows up Hill in a very bad light indeed. The jury held Hill responsible for the murder.

In brief the statement is that Duke and William Taylor went to Hot Springs, as heretofore published in the REPUBLICAN, at which a number of visitors are stopping at this time of year. At the springs they met Leon Hill and his running mate, Tony Loveall, who also has a shady reputation. Hill and Loveall had rifles, and soon after they went to Loveall's place where Loveall left his gun. About 4 o'clock they came back and Hill started in to pick a quarrel. Hill told Duke that he had heard that the latter said he could lick him. Duke said that he thought he could. They had, as stated, fought last summer and Duke had the best of it. Hill told Duke he could have a fight any time he wanted it, and again the party separated. They met again and Hill wanted Duke to fix the time when they should fight.

About 8 o'clock Duke and Taylor drove up in front of the hotel, preparatory to go home. Hill and Loveall drove up and ran up so close to the buggy that Duke remonstrated with him as it was a hired vehicle, whereupon Hill made an abusive reply.

Duke and Taylor took Dan Smoot with them and started home, Hill and Loveall being in the lead. Hill at once began a system of annoyances, by driving fast to raise the dust in dusty places, then driving at a snail's pace and refusing to permit Duke to pass, and Duke remonstrated to no effect.

It was plain that Hill was hunting trouble, and when Duke reached Smoot's place he stopped long enough to let Hill get a mile or so ahead, then he and Taylor went on and very soon came upon Hill and Loveall. Hill had got down on a pretense of fixing his harness. Hill's actions exasperated Duke, and with the remark "you have bothered me long enough, now get out of that wagon and I'll lick you right here!" he jumped to the ground and started toward Hill's wagon. Hill then, without a word, pulled his rifle from the buggy and deliberately shot Duke; then throwing another cartridge into the gun, pointed it at Taylor, who cried out, "Hold on, you need not shoot me, Len!" to which Hill replied, "All right, I can trust you."

Hill then jumped into his wagon and he and Loveall drove off, leaving Taylor to get Duke into the wagon and care for him. After much difficulty he managed to convey him to the Frame ranch and Dr. Tiffany of Coalinga was sent for. The ball passed through Duke's liver and right lung, lodging at the skin at the back, and when extracted was found to be peculiarly flattened in its passage.

Duke lived until the next afternoon, his last statement being: "Len has had it in for me for a long time and I guess he is satisfied now. He is a big man and his name is up. I guess he is satisfied."

Hill and Loveall are both known as hard characters, given to "shooting up" the foothill towns, by shooting through private houses, and into campers' wagons with shotguns when occupied by sleeping campers. Hill is reported to have frequently threatened to do Duke up. Recently when delivering some meat near Hot Springs his attention was called to some blood on his clothing and he remarked, "Yee, but that's bullock's blood. In a few days there'll be man's blood on me and it will be on my hands."

It is the general opinion that Hill deliberately planned the murder of Duke and tried by his annoyances to get Duke to make some break that would give him the semblance of killing him in self defence.

Hill's examination is set for July 7th before Justice W. J. Kilbey, whose court is located near the Frame ranch. It is said that Loveall was a very unwilling witness at the inquest, but was forced to testify to the facts substantially as above stated. Hill was seen again yesterday by a REPUBLICAN reporter, but refused to make any statements.

Hill's father and mother arrived in this city yesterday. They are very old people, Mr. Hill being a veteran of the Union army in the late war. They seem to feel the situation terribly, while the murderer seems perfectly indifferent. It is understood that the defense will be conducted by M. V. Ashbrook and ex-Senator Goucher.

BRYAN'S ITINERARY.

His Trip Through California Will Be a Hurried One.

SAN FRANCISCO, June 30.—Hon. William Jennings Bryan will arrive at Sacramento at 5.20 a.m. on July 3d, and will leave for Stockton at 9 o'clock, arriving in that city at 11 o'clock. He will address the citizens on the subjects of the day and at 1 o'clock will leave for Fresno, stopping en route at Modesto, Merced and Madera, where short addresses will be delivered. The train will arrive in Fresno at 5.30 p.m. and the party will remain until 12 55 a.m. when the train leaves for Los Angeles, arriving there at 1.20 p.m. Leaving Los Angeles at 11.45 a.m., on July 6th, the party will reach Bakersfield in the evening. A short stop will be made at Tulare and then the train will leave for Oakland, where it will arrive at 9.20 a. m. on the 7th. An address will be delivered at Alameda at 10 o'clock on the morning of the 7th. The party will leave Oakland at 12 o'clock, arriving in this city at 12.30. An address will be delivered in this city at Woodward's Gardens. The party will leave for San Jose on July 8th at 10.45, and leave there for Sacramento in time to arrive there at 7.30, and after a short stop will leave on the overland for the East, making short stops at Redding and Red Bluff, where short speeches will be delivered from the platform.

Mining Stocks Advancing.

DENVER, June 30.—Mollie Gibson stock, which jumped from 31½ cents a share to 51 Monday, touched 69 today. The cause of the rise is the report of strikes in the Gibson property. Mining stocks in general are advancing in sympathy with the Mollie.

TEN THOUSAND PEOPLE

Pass Through Chicago En Route to California.

CHICAGO, June 30.—The total number of passengers handled for the Christian Endeavor convention by the roads running out of Chicago is very close to 10,000. This is rather more than some of the roads were looking for.

KANSAS CITY, MO., June 30.—Eight thousand people, delegates to the Christian Endeavor convention at San Francisco, and others taking advantage of cheap excursion rates, literally swarmed the Union depot today. Without an exception trains from the east were run in four and five sections. The largest delegation came from New Jersey in fourteen sleepers. In all about 300 car loads of people have passed through since yesterday. Another train hurrying over the Burlington at 1 p.m. and carrying 320 passengers will endeavor to make a record run.

At 3 o'clock Thursday morning the Santa Fe will test its new mail service train, which it is calculated will land eastern mails in Kansas and Colorado six to nine hours earlier than heretofore. The train will carry a large party of railroad officials and newspaper men on the initial trip.

Bank Robbers Evade the Officers.

DEADWOOD, S. D., June 30. — The chase after the outlaws who attempted to loot the Bellefourche bank has so far been without result. The robbers were surrounded by the posse last night on the Three V ranch, but during the darkness they managed to slip through between the sentinels, and when dawn broke had managed to put a long stretch of country between them and their pursuers. A number of the posse returned to Bellefourche late this afternoon and reported that the trail was lost early this morning.

Excessive Heat at Chico.

CHICO, June 30.—The heat has been so excessive during the past two days that harvesting crews have been obliged to cease work temporarily. George Newman, a field laborer near Oana, suffered such a severe sunstroke yesterday that his recovery is doubtful.

SENATE PROCEEDINGS.

FINAL VOTE ON THE TARIFF BILL NEAR AT HAND.

The Hawaiian Provision of the House Bill Restored After Brief Debate.

WASHINGTON, June 30.—As a result of the rapid work on the tariff bill today the close of the long debate in the senate and the final vote on the bill is felt to be very near at hand. Two of the most important provisions, those relating to the Hawaiian treaty of reciprocity and the duty on coal, were perfected today, while another source of much conflict, the reciprocity section, was matured by the finance committee and presented to the senate. Aside from these larger items, a great many minor ones, which have caused more or less conflict, were disposed of. The Hawaiian provision of the house bill was restored after a brief debate, and without formality of a vote. This had the effect of leaving the Hawaiian treaty of reciprocity in full force and effect.

During the day Mr. Turpie of Indiana spoke in support of the amendment for a two per cent tax on inheritances. His speech was notable for its picturesque metaphors and the virulence of his denunciation of the pending bill.

Mr. Turpie spoke of the statements frequently made as to the straits of the United States treasury, its insolvency and bankruptcy. Such statements were unwarranted and tended only to shake public confidence. Today there was a large surplus in the treasury, the last official statement showing $135,000,000 available cash balance. In sarcastic tones, Mr. Turpie declared that the tariff bill was the joint product of two parties. One was a mercenary organization, the other political, and both had entered into a compact on a tariff bill. Neither branch had any anxiety as to the treasury, the amount of the deficit, except as it served political ends. Hawaii must wait, Cuba must wait, pensions must wait, every interest of legislation must wait.

Mr. Turpie bitterly arraigned the bill, saying that no measure had been presented making "so large and unprovoked a spoliation of the world's commerce."

"There was compound larceny in nearly every schedule. One-third of the bill was declaration of war against France, Germany and the continent of Europe. He had hopefully looked toward the trade of South America, but this bill made it almost a penal offense to carry on trade with the southern republics. The senator said the amendment for an inheritance tax was urged by the minority in good faith as a means of raising revenue. It proposed but a small contribution for the support of the government. It afforded a means of reaching the vast accumulations of wealth, which in time must be touched by death and distributed through the channel of inheritance.

Mr. Turpie denounced the protective system in bitter terms, his unique figures of speech attracting much attention. Referring to the enormous bounty to go to the wool manufacturers, he declared it was not for the interest of sheep, but for the wolf in sheep's clothing who would strip from the babe in its cradle the articles essential to its use. We had developed in this country a new breed of animals. 'They are the tariff swine," exclaimed Mr. Turpie. "The high protective swine. They are voracious feeders, with fierce appetites, and a regard only for the infant industry of bristles."

Royal makes the food pure, wholesome and delicious.

DON'T forget to leave your order for the MORNING REPUBLICAN before going to the coast or mountains.

A CHICAGO paper advises Japan to go slow and avoid high kicking. The world's fair city fully understands the penalty of over-reaching with her nether limbs.

AN Eastern paper has made the discovery that strawberries are a prolific cause of suicide. This, of course, is applicable to the East only, where people bankrupt themselves paying high prices for the seductive fruit.

THE *Register* says that other towns in the valley beginning to yearn for something to pit against the REPUBLICAN baseball team, The yearning is mutual. Fresno is beginning to look anxiously for something to pit against the home team that will make it more interesting.

THE REPUBLICAN does not propose to miss an opportunity to say a good word for the Pacific coast metropolis. It can be said without exaggeration that San Francisco will next month have within her gates more good people than any city of like population in the United States.

THAT Hanford Constable who piously ended a fight between two prominent citizens by offering a little kindly advice did a very commendable thing, but where does the fee come in? The constabling business is not generally conducted on the theory that virtue is its own reward.

THE young man who spends his Sundays consuming beer and inhaling tobacco smoke and then wonders why he doesn't get on in life, is a poor philosopher.—*Visalia Times.*

He is a poor philosopher, but he will make himself heard as a spokesman of of those who believe that the government is to blame for not making everybody prosperous.

EDITOR MCLEAN apparently has a leadpipe cinch on the Ohio Democratic convention for the United States senatorship indorsement, which means that there will be fun in the Buckeye state when John R. and Marcus Aurelius get out in the open and begin their battle. These be warriors bold, and they have great captains and other grades of fighters galore.

A high protective duty on tongues might not be a bad amendment to insert in the Dingley bill.—*Sacramento Bee.*

But it happens to be the people of this country who need protection for the domestic tongue industry. In the senate alone it has cost the country millions of dollars in the past few weeks, and the cost is all there is to show for it.

THE street superintendent should arrange to have the streets thoroughly sprinkled next Sunday. The city will be full of visitors, remaining from the Bryan meeting to celebrate the Fourth, and they must not be inflicted with the discomfort of dusty streets. Good work is being done in cleaning the streets, but the dust cannot be kept down without the use of plenty of water.

IT would never do to adopt the Colorado method of legislative divorce actions in this state, unless arrangements were made to keep the legislature in continuous session. The ordinary sixty-day session would hardly give all the applicants time to get on the calendar to say nothing of lining up in front of the capitol waiting their turn to be unyoked.

THE man who loses confidence in himself because he makes a failure in one or two lines of business is foolish. H. B. Chamberlain, formerly of Denver, Colo., who died recently in England, made a failure of thirty-six branches of business before he started to boom western real estate. He conducted his operations on such a large scale that when he died he owned $15,000,000.

THE bicycle is a good deal more than a fad or a joke. A government official says that the department clerks who ride a wheel are more prompt in getting to their work and as a rule perform their duties more satisfactorily than those who walk or ride on the street cars. The bicycle is a good thing. That is the reason why so many people are pushing it along.

A NUMBER of socialist organizations are giving Debs' scheme the frozen stare. They appear to think that its failure would have a depressing effect on the entire socialistic program, an opinion which does credit to their sagacity. A good many things are the most beautiful theories imaginable; it is the application of them which must be avoided. State socialism is a nice theory, and its promoters are wise who propose to keep it practically as it is.

THAT was a big gathering of ex-confederates at Nashville the other day, but the preponderance of white hairs and faltering steps shows that those who wore the gray as well as "the boys in blue" will not turn out in great numbers upon many occasions in the future. They are all marching toward the great encampment beyond the river, and it is a cheering thought that they are going as citizens of a united country, and with the asperities of the past softened if not obliterated. It is not often that such a happy revolution in public sentiment comes about within less than the life of a generation.

JOHN SHERMAN says that the anti-trust question is the paramount issue, and he is right. Some of the great combinations of capital are becoming so strong and arrogant that the necessity of curbing their rapacity and greed is apparent to all thoughtful men. The existing laws against trusts must be strengthened where needed, and public sentiment must compel their enforcement. That a great struggle is at hand on this question is evident, but there can be no doubt that it will finally be decided as the interests of the masses dictate. It is encouraging to see public men of Sherman's force and ability coming out strongly upon the right side at this juncture. Absolute prohibition is the remedy for trusts, and that must and will be made effective.

SENATOR VEST is an orator of prodigious industry and perseverance, but he is expensive at a time when the country's industries are awaiting the completion of a tariff bill and the importers are taking advantage of the delay to glut the markets with the product of foreign labor. And there are others. It may be good politics to give the foreigners this advantage and cripple the revenue-producing capacity of the new tariff for a year or more, but it is not broadgauge statesmanship. If the long-winded speeches which are being made by the free traders were of any possible use or advantage to anybody the delay which they occasion could be considered with patience, but as the contrary is the fact and loss of revenue and of much needed employment by American labor is the only result possible, the flamboyant gentlemen of the senate can no longer be considered as dealing in anything more creditable than peanut politics of the most unprofitable and indefensible kind. They are going beyond the limit of reasonable discussion at a time when their conduct inflicts great loss and hardship upon the people of this country.

RANDOM REMARKS.

Uncle Horace Boies is evidently doing to death that old proverb about it's being a wise man who changes his mind.

Weyler has again been recalled. This promises to continue to be the poor general's lot until he gets to Hades.

A boy's best friend is his mother, says an exchange. This has been said so often that it is nearly believed, yet it certainly cannot include the mother who insists upon cutting her boy's hair.

An exchange is dissatisfied with the bear as an emblem of California. "Surely," it says, "there is some animal more appropriately emblematic of California than the bear." What's the matter with the vine-hopper?

The papers are telling of a woman in Arizona who cures by the laying-on of hands. Nothing so very remarkable about that. Many of our esteemed mothers had this gift and exercised it when we were young. It's a panacea for almost all forms of juvenile cussedness.

The trustees of Brown University, undoubtedly acting upon the advice of the "bag barons" who throw it a dollar or two once in a while, have warned the president of the university, Dr. E. Benjamin Andrews, to suppress his views on silver. Some of these "base Gorgonian wights" would insist upon the repudiation of the Copernican system and the teaching of the Ptolemaic if they thought the former threatened to reduce their opportunities for skinning their fellow men.

The Bakersfield *Echo* proposes to pay all the expenses of a two weeks' vacation for the most popular minister in Kern county, the question to be decided by the coupon method. Thus the most popular preacher, teacher, policeman, butcher and poundmaster are given vacations at the expense of newspapers, while the reporters on those same papers have to pay for their own vacations. However, they can stand it. It's an ill-paid reporter, indeed, who cannot afford to estivate at the bar under an electric fan at the rate of five cents a glass.

It's strange how those poor devils who one time or another edited the *Overland Monthly* need taking care of. Here comes President McKinley and makes Rounseville Wildman, the present editor of that wonderful magazine, consul to Hongkong. Charles Howard Shinn, who managed the magazine before Wildman took hold of it, also had to have a lift in the way of a public office. How his predecessors were cared for is something the oldest inhabitant knows better than I. However, while there appears to be little enough in the magazine itself, it seems to be a pretty fair stepping stone to public office.

Commissioner's Sale.

No. 7896. Dept. No. 2.

In the Superior court, county of Fresno, state of California.

Fresno Loan and Savings Bank (a corporation) plaintiff, vs. Jose J. Castano and Joe Scott, defendants.

WHEREAS, AN ORDER OF SALE IN THE above-entitled cause to me directed, has issued out of the Superior court of said county of Fresno, on the 14th day of June, 1897, on a judgment and decree of foreclosure of mortgage rendered therein and docketed on the 25th day of May, 1897, in favor of the Fresno Loan and Savings Bank (a corporation) plaintiff, and against Jose J. Castano and Joe Scott, sheriff Fresno county, defendants, which said judgment and decree is recorded June 24, 1897, in decree book, volume "C," of the said Superior court, on page 238 et seq., for the sum of one hundred and fifty-five 10-100 ($155.10) dollars, in gold coin of the United States, with interest thereon at the rate of 7 per cent per annum from the date of said judgment, and accruing costs.

And whereas, I am commanded by the said order of sale to sell the mortgaged premises to satisfy the said judgment and all costs.

A CLOSE SHAVE.

Policeman Parker's Good Aim Stops a Fugitive.

Walter Russell, a young man known as "Indian Walt" in the Chinatown district, where he is a leading character, was yesterday given a six months' floater by Justice Austin for smoking opium. Russell and another man were found "hitting the pipe" in a Chinese den by Policeman Parker night before last, and the officer placed them under arrest.

While on the way to jail the prisoners made a sudden break for liberty on Tulare street, Russell running up the alley back of Henry's livery stable and the other man going in the opposite direction. The policeman took after Russell, and commanded him to halt, to which he paid no heed. Parker then fired a shot at the fugitive, and the bullet grazed his neck, carrying away a patch of skin. Russell was knocked to the ground, and the officer quickly was upon him and handcuffed him. The prisoner was badly frightened because of his narrow escape.

THE MAN ABOUT TOWN

An Example for Those Contemplating Divorce.

CELEBRATING THE FOURTH

Lady Henry Somerset's Opinion on Hidden Legs—Precocious High School Boy.

In view of the frequency with which divorce suits have been filed of late in this city and the charges and countercharges of the principals and interested friends, it may be instructive to consider the case of Mr. and Mrs. Frank P. Clayton of San Francisco. They are actors, and the last named is known on the stage as May Buckley. They separated recently and an inquisitive reporter interviewed them so as to be able to tell the public all about the trouble. Mrs. Clayton was seen first. The charming actress admitted that she and her husband had separated and that a reconciliation was impossible. Having ascertained this much the reporter next set about finding out the cause of the rupture.

"Was it incompatibility of temper?" he asked insinuatingly.

"Oh, no," she answered, "my husband has the most charming nature in the world."

"Was it inability to support you?" persevered the reporter.

"Not in the slightest degree," replied the actress, who thereupon referred the newspaperman to the husband.

Mr. Clayton, according to the veracious chronicler, had no statement to make. "He paid his wife a high compliment in a manly sort of a way, and then asked to be excused. 'We are separated, and for good, too,' he said, 'and I count myself the loser by a great majority, but what's done can't be undone.'"

Now isn't that "perfectly lovely," a the ladies say?

Of course it is, and I advise Mr. Djones and Mrs. Smithe and the other married folks who contemplate suing for divorce to follow Mr. and Mrs. Clayton's example. Say what you want in your complaint, for that's sealed, but don't tell the neighbors that Mr. Smithe tried to poison your mother, that he eats the tender part of the porterhouse steak and leaves you the tough, that he occasionally tries to open the front door with a corkscrew. And you, Mr. Djones, don't bawl into the ears of the world that Mrs. Djones labors under the impression that you also married her family, that she lifts her skirt higher than necessary to show her silk petticoat and sometimes lifts that, too, that an unholy joy illumines her countenance when you tell her you will be out of town for a few days. No, do none of these things, Mr. Djones and Mrs. Smithe. You, Mrs. Smithe, tell everybody that Mr. Smithe is a perfect gentleman. You, Mr. Djones, tell your friends that Mrs. Djones is a fine woman. Then both of you go into court, swear each other's reputations away behind closed doors, get a decree of divorce, and then hurry to Nevada and marry some one else!

In a London fashion letter of recent date the interesting information is given that Mrs. Asquith, the original of Benson's "Dodo," shows her nether limbs. Then follows this:

"Now, that is by no means a slur, as it used to be. It used to mean an awkward carriage of the skirts and a horrible management of reeds and hoops. But it doesn't mean that any more. Lady Henry Somerset, who, by the way, is again leading the smart progressive set in London almost to the exclusion of her anti-liquor interests, declared at the London Council of Women that it was 'atheistic' for a woman to try to hide her limbs. Only an atheist would do it. It was equivalent to saying that she was ashamed of that which the Lord had given her. But you can't reform dress, or women, or change the fashions by talking that way. You must get a leader of fashion to do something, then all of the others will follow her."

Good for you Henry. I've spent many a solemn hour of the night weeping over the poor, misguided women who reflect upon the work of the Divine Sculptor by hiding their limbs. While "atheistic" is hardly the proper term to apply to such conduct, it shows a lack of appreciation of divine gifts that is actually sob-compelling. As if lo—that is limbs, were given to women merely for the purpose of locomotion. Oh, sisters! repent while ye may. Remember that the Bible says not to hide your lights under a bushel—that's a queer name for 'em, but it goes; besides, there's a good deal of symbolism in the book. With Mrs. Asquith setting the fashion and that good old lady Mrs. Henry Somerset giving the "movement" her moral support, will the ladies of Fresno continue to permit their limbs to remain in total eclipse?

* * *

So we are to be permitted to discharge explosives on Independence Day. That's good. With the wretch who can listen for hours to a rasp voiced political orator, who maintains his equanimity at an amateur musical recital, who thinks his baby's bawling is as sweet as the music of the spheres, but whose nerves are shattered by the explosion of a firecracker—with this poor misguided wretch I have no sympathy. I see, by the way, that Marshal Woy told the trustees that it would be difficult to control the boys on the Fourth. Perhaps, but just sneak up on some pater familias in your neighborhood on that day and watch how, wild-eyed and disheveled, he tries to set off more fireworks than Johnny and Susie. He bought these concentrated bits of hades for the children, but in an unlucky moment he shot one off himself just to see how it was. Well, look at him. It would take a straight jacket to control him, and when the first lot of fireworks has gone up in smoke he will hurry down town for a second, then a third and so on. Yes, indeed, it's hard to control the boys—the old ones as well as the young.

* * *

The agitation against women's wearing hats in the theater has extended to the custom of wearing them in church. The reform movement has met with considerable success in Indianapolis, where the ladies of the First Baptist church, after an animated discussion, decided to remove their hats at the next Sunday service. They did so, liked the sensation and will hereafter sit in church with bared heads. In time it will undoubtedly be as strange to see a woman in church with her hat on as it is now to see her bare-headed. May the writer suggest that the Fresno ladies imitate those of Indianapolis? Why not provide shelves or racks in some ante-room on which to place the hats. Let each lady put her card on her hat as she lays it on the shelf. After the services they might spend a pleasant hour looking at each others' hats, praising or criticising them, as the case might warrant. There would be such a delightful time.

* * *

The Stockton high school boys are a much more precocious lot than our own. The former had their commencement exercises the other evening, and after their conclusion about fifteen of the students traveled the cocktail route and made Rome niolate—poor Rome always gets the worst of it. Now the school directors are trying to find out who the boys were so as to make an example of them. Just give the redlicker a chance, gentlemen, it will make an example of them that ought to be a warning to other boys.

* * *

A southern exchange asks, "What is good society?" How some people do give themselves away.

* * *

Who would believe such a foolish report as that received here concerning George Rupert. George — our only George—George, the unique — killed? Nay, nay; there's many a man in durance vile who'll outlive our George. He might be lost, but he cannot be killed.

THE MAN ABOUT TOWN.

KNOBLOCH & DECKER.

Tonight They Spread a Lunch at the Enterprise.

Everybody knows Fred Knobloch, the restaurant man and proprietor of the Vienna bakery ever since Fresno was a sandbank, and nearly everybody knows Danville Decker, the gas man, who for years has illuminated Fresno with his countenance and coal juice.

These two gentlemen, being nearly the same size, have entered into partnership to run a first-class commercial lunch counter at No. 1927 Mariposa street and will open up tonight with an elegant spread from 8 p.m. to midnight. Connected therewith will be a fine bar with a standard assortment of wines and liquors besides a steam and lager beer machine that will operate by air pressure, Knobloch having stipulated that, under no conditions shall his partner fall back into his old habits of running things by gas. This machine will be set to work on Enterprise beer, the new brew which is now having such a run in San Francisco as the best in the market.

The new firm has swept, garnished, whitewashed, papered, kalsomined and fumigated the old quarters, until the microbes are as dead as the "Aztec" King which they unearthed in renovating the place. All are invited to attend tonight with the compliments of these two prize beauties.

A CLOVIS WIFE BEATER.

He is Now Serving Six Months in the County Jail.

H. C. Stebbins of Clovis is serving a six months' sentence in the county jail for beating his wife. According to the following account of his doings, published in the Clovis *Herald*, the man deserves the severe punishment:

For some time past H. C. Stebbins has been on the warpath at home, and upon the least provocation would maltreat his wife in a most brutal manner. On several occasions he beat her and ran her out of the house. Stebbins had said that he would kill anyone who tried to arrest him, and the threat prevented his wife filing a complaint against him. But last Sunday night the climax was reached. Stebbins, who is evidently a little light in the upper story, for some trivial or imaginary cause proceeded to beat his wife. She left the house and stayed at Hotel Byron the rest of the night.

The next day she returned home but intended to leave again in the evening, but was prevented from doing so by Stebbins, who threatened to burn the house down if she left. The woman was frightened, and deciding that something must be done she sent a note down to A. E. Sunderland & Company's market asking the men to prevent her husband from further abusing her. A warrant charging Stebbins with assault and battery was promptly sworn out, and between 10 and 11 o'clock Monday night he was placed under arrest and taken before Judge Butler, who gave him six months in the county jail.

BURNS WON THE CASE

HIS SORROWFUL COUNTENANCE FETCHED THE JURY.

Some Old Traps That Cost the County a Large Sum.

A few days ago a complaint was filed in Justice St. John's court charging J. H. Dwyer, who resided near Selma, with embezzling an old buggy tongue and an old set of double harness, which, upon being produced at the trial, were appraised by unprejudiced outsiders to be worth something over $7.14. A warrant was issued and Dwyer was arrested in Hollister; an officer went there and brought him back and he was placed in jail awaiting arraignment and examination, all to the great cost of the taxpayers.

At the trial before a jury Deputy District Attorney George Wallace Jones, aided and abetted by William Daingerfield Foote, fiercely prosecuted the alleged criminal, while James Abraham Burns of Selma, and George Grletta Goucher shielded his defenseless head—and the costs went on. The prisoner was finally acquitted; the complainant hauled his junk home and the people paid for it all—but the law was vindicated.

During the trial Senator Goucher did most of the exclaiming in behalf of the defendant, while lawyer Jim Burns in silence sat by him and looked sad, for the benefit of the jury, and the story is told that after the trial was ended and Dwyer was acquitted one of the jurors discovered that Burns was not the prisoner but one of his attorneys and in astonishment exclaimed, "Great Scott, we have acquitted the wrong man!"

It is also reported that Billy Foote and Jones contemplate having "Jim" labeled hereafter so that he can not melt jurors' hearts to sympathy by his pathetic impersonation of the prisoner while Goucher bedews his shoulders with homemade tears.

A COACHING PARTY.

Given Last Evening by Miss Annie Bernhard.

Miss Annie Bernhard gave a coaching party last evening to a number of friends. Scott Brothers' Yosemite stage was engaged for the occasion and was drawn by four lively horses. A pleasant ride was had through the country to Roeding's place, eight miles east of the city. Upon its return the party was entertained at the residence of Mr. and Mrs. T. W. Patterson. Refreshments were served.

Those who participated in the pleasant outing were Misses Elizabeth Thorne, Cora Trowbridge, Mamie Williams, Olive Smith; Messrs. Henry Avila, Lewis H. Smith, George C. Roeding, S. J. Ashman, Mr. and Mrs. Patterson chaperoning the party.

FOR MONDAY'S PARADE.

Participants Should Report at Once —Business Houses Decorating.

It is important that all those who wish to take part in the parade on Monday should notify Grand Marshal F. G. Berry by this evening. A number have not yet reported to him, and he is unable to plan the line of march definitely. The procession will be very long.

A number of business houses began decorating yesterday for Bryan's visit and for the Fourth. Some are quite elaborately decorated, and by Saturday the city will present a gay appearance.

SANGER JOTTINGS.

BADLY INJURED AT THE SEQUOIA MILLS.

The Disastrous Effect of the Sanger Fire—Local Happenings.

The chief topic of conversation in town the past few days was the fire. The insurance adjusters are now at work and the firms will soon know their exact financial losses. This can be shown in figures but that from suspension and breaking up of business and on items that cannot be covered by insurance often amount to a considerable sum. Some who were heretofore prejudiced against our chemical engine now acknowledge that but for the efficient service done by it the fire would have crossed the street and the damage would have been trebled.

Darvin & Gaudrau have opened their barber shop in the old Costigan building. Shellenberger & Ingels are located in Major Cummings' office. George F. Bemis has secured a window in Redfield's drug store. W. M. Barr has opened his office in the Gray block with the Sanger *Herald*. D. H. Lafferty & Son opened the day after the fire in the Pattison block on the east side.

A. B. Elmore and H. M. Rogers are still on the street looking for an opening. All are in hopes the block will be rebuilt at once so that they can resume business at the old stand. A. B. Elmore came down from his mine in Madera county to meet the adjusters, accompanied by his father from near Borden.

Mrs. Jennie Lyman died at the residence of her parents in south Sanger Monday night and was buried in Bethel cemetery. The casket was covered with many floral designs from loving and sympathizing friends.

Miss Ella Shaw left early Sunday morning for a visit to Converse Basin beyond Millwood, as the guest of Mrs. Dr. Miller. Tom and Bessie Rolph went up at the same time on a visit to their brother George, manager at the mills.

Mrs. Emma Smith left for home Tuesday morning after a two week's visit with friends in Sanger. Her sister, Miss Frankie Neal, will remain here.

H. H. V. Jones, who has been with the Sanger Lumber Company the past three years, has accepted a position in the custom house in San Francisco and left for that point Wednesday morning.

James N. Hood is down from the mills for a few days.

A. M. Simpson, foreman of a crew of men at the mills, met with a painful accident on Monday. He was thrown from a trestle, on which he was at work, striking on a log with such force as to fracture his jaw bone. Not having the proper appliances for the treatment of such an injury at the mills, on the surgeon's advice, he went to San Francisco.

Dr. Baird and family left this week for a month's visit in the northern part of the state.

Miss Florence Burns is spending the summer on the coast.

Mrs. L. Hill, 73 years of age, died Tuesday afternoon after a long illness. Interment Wednesday in Bethel cemetery.

A. Weisenbaum, founder of the American Pencil Company, was in town again this week. He has been spending some days examining graphite deposits in the mountains east of Sanger which he inspected some time ago. Also the supply of redwood here and its adaptability for use in pencil manufacturing. He finds much of the wood here well suited for that purpose.

News has been received here of the mysterious death of Miss Mattie Barry in Sacramento a few days ago. Miss Barry was a sister of Mrs. Walters and made many friends during her stay here last summer. None of the particulars have been received at this writing, but it is reported that while on the street in the evening with a young lady companion she received a blow from some one unknown on the back of the head that resulted fatally.

HOBBS

SPARAGUS KIDNEY PILLS KEEP ON CURING SICK PEOPLE.

Kidney Disease Has Been Robbed of the Horrors Heretofore Attached to It.

The Cry for Help is Quickly Answered by Dr. Hobbs' Grand Universal Specific.

Ask at Geo. H. Monroe's Pharmacy, 1926 Mariposa Street, of the Cures This Wonderful Discovery Has Performed.

There was a time—and not so very long ago—that when persons were attacked with kidney disease, and because thoroughly convinced of it, a sense of mingled anguish and horror quickly crept over them. They knew the perilous position it placed them in. Bright's disease, with all its horrors, stared them in the face. Horrible visions came to them even in sleep of the dreadful ordeal they were to pass through, and many would have welcomed death at the start, once the diagnosis made it absolutely certain that they were afflicted with this disease.

How different today are their feelings, now that a handy and safe specific is obtainable at their nearest drug store. No man or woman can be so totally blind to facts as to for one moment believe that Dr. Hobbs' Sparagus Kidney Pills will not cure them, after the public test that has been made of this remedy in Fresno for the past few weeks.

The testimonials and commendations that have appeared in the Fresno papers up to the present are but a small part of those already received, and more are coming in daily.

Never in our experience has there been such a spontaneous outpouring of praise as has greeted Dr. Hobbs' Sparagus Kidney Pills.

What Dr. Hobbs' Sparagus Kidney Pills are Designed and Guaranteed to Do.

They soothe, heal and cure any inflammation of the kidneys and bladder.

They cure backache.

They cause the kidneys to filter out of the blood all poisons and impurities, whether made in the system or taken in from the outside.

They render sluggish kidneys active.

They cause the kidneys to cast out the poison of rheumatism (uric acid), the disease germs of malaria and the grippe.

They cause the kidneys to keep the blood pure and clean and thus prevent neuralgia, headache, dizziness, nervous dyspepsia, skin diseases, eruptions, scales, tetters and rashes.

They cause the kidneys to work steadily and regularly.

They dissolve and cast out brickdust and phosphate deposits and dissolve gravel and calculi in both the kidneys and bladder.

They cure Bright's disease.

They cause the kidneys to rapidly rid the system of the poisons of alcohol and tobacco.

They yield a clear mind, sweet sleep, steady nerves, active bodies, brimful of the zest and happiness of living, bright eyes and rosy cheeks, because they keep the blood free from the poisons and impurities that would otherwise clog and irritate it.

Healthy kidneys make pure blood.

Pure blood makes perfect health.

Perfect health makes life worth living.

Dr. Hobbs' Sparagus Kidney Pills do this, and do it all the time.

CATTLE THIEF CAUGHT

"Bob" Ward Arrested by Officer Crutcher

STOLE BEEVES NEAR POLLASKY

The Prisoner Admits His Guilt—An Indian Accomplice Also in Custody.

Robert W. Ward was arrested at Lane's station on the San Joaquin river yesterday by Deputy Constable Crutcher for cattle stealing. The officer brought the prisoner to Fresno and lodged him in the county jail. Ward made a confession to Crutcher on the way to town, admitting the thefts.

The deputy constable also took an Indian named Tom Murphy into custody at Pollasky, but did not lock him up because it appeared that he was led by Ward through deception into assisting in stealing the cattle, not being aware that the beeves belonged to anyone but Ward. The Indian is in the city where he can be watched.

The evidence gathered by Crutcher shows that on the night of April 20th last Ward stole three head of cattle from Mrs. Stofer's pasture near Pollasky. On May 8th he broke into Mrs. Birkhead's pasture and ran off two beeves. On June 6th he stole one steer from Jake Brown and one from Charles Brown. Besides this the officer has good grounds to suspect that the prisoner is responsible for the disappearance of other cattle from the Pollasky neighborhood.

For several months past Ward has been employed in R. E. Beckwith's store at Pollasky. He is well known in this city as "Bob" Ward, having lived here for a number of years. His reputation has not been of the best. Ward engaged the services of Murphy to assist him in stealing the cattle, representing to the Indian that the steers belonged to him and that he had a right to drive them to market and sell them. Their usual procedure was to run the cattle out of the pasture about 9 or 10 o'clock at night, and drive them to Fresno, arriving here about daylight the next morning.

The thief has been disposing of the beeves to John Carrere, who conducts a slaughter house west of this city.

Crutcher, who is vested with authority, but is not a regular deputy under Constable Albin, was employed by the sufferers from the cattle thief's depredations, to work on the case, they having been unable to gain any clew to the guilty party.

After some investigations Crutcher came into possession of information which pointed to Ward as the thief. One night the officer saw the Indian and Ward in town together, and after that Crutcher interviewed Murphy. The Indian readily admitted that he had helped Ward in driving cattle from the above-named pastures, appearing not to think that he had done anything criminal because Ward had told him that they were his cattle.

After gaining some further evidence, Crutcher swore out warrants for Ward and Murphy, and proceeded yesterday to make the arrests. There Charles Brown joined him to assist in serving the warrants. They found Murphy, but learned that Ward was in Fresno after a load of merchandise for the store. The officer and Brown started for this city with the Indian, and at Lane's station they met Ward.

When Crutcher told him he had a warrant for his arrest Ward remarked that he had "heard of it." He appeared crestfallen, and must have known at once what he was wanted for, as Brown was in the buggy with Murphy. When questioned further by the officer the prisoner said that he had in fact not heard that he was to be arrested. During subsequent conversation Ward admitted the thefts. He then asked Crutcher to advise him what to do under the circumstances, but of course the officer would not express himself on this point.

SEVERAL STAR RIDERS.

They Will Participate in the Bicycle Meet.

The accompanying cut is that of Mr. Wing of San Jose, who rivals Mr. Russ for the amateur championship of the Pacific coast. This, certainly, should be a sufficient recommendation, and ought to thoroughly convince our people that the bicycle races to be given here on the 5th of July are just what they are advertised to be—first-class in every particular. Mr. Wing will not have a walkover, however, as Gooch of Oakland and Squires of San Jose will be here also.

The prettiest finishes in the great indoor meet recently given at the pavilion in San Francisco were between these last named riders, both of whom make long, fast sprints.

Mr. Gooch rode one of the relays for the Bay City wheelmen a few months ago, who now hold the Varney cup, having defeated all other clubs in this state three times. The admission will be 25 cents, children 10 cents, and the grand stands will be free. The proceeds are to be used in paying for the grand stands which our people have been using for some time, and we therefore trust that the excellent program which we have arranged will be well patronized.

WOULDN'T TAKE WATER

A LONG DELAYED BATH AGAIN POSTPONED.

Where Attorney Ashbrook's Persuasive Powers Wholly Failed.

Martin Van Buren Ashbrook, being a lawyer—and a good one—naturally associates with people who, being in trouble, are exceedingly anxious to get out, or else being out of trouble are inspired by Satan with an o'erweening desire to get in. Like any good lawyer, he stands ready to aid with professional services and advise such as may stand in need of them, provided the proposition is feasible.

Yesterday he had a case in which delicacy was not required. The client—who will be referred to as Rodriguez—merely because that is not his name—stated that he had not taken a bath in thirteen years, and asked "Van" if he thought it would be the proper thing to take one prior to the occasion of the conjunction of Bryan and the Fourth of July, and Ashbrook not only thought so, but agreed to pay the fee at the swimming baths.

He towed his client up through the court house park, taking great care not to get on the lee bow of the perfumed craft, and got him inside the bathing emporium, when Rodriguez took one long look at the tank and its limpid contents and with the observation "That's no place for a Democrat," bolted. Rodriguez, the aromatic, will hear Bryan and display patriotism on the Fifth as the personal representative of the great unwashed, unless Ashbrook succeeds in getting a new hearing.

SEINING KINGS RIVER.

The Law-Breakers Were Run Out of Kings County.

The attention of Fish Warden Ferguson of Fresno county is called to the fact that people are seining Kings river in Fresno territory, and that these fishermen are located on the Laguna de Tache grant and in the vicinity of the Rhodes settlement, says the Hanford *Democrat*. Fish Warden Smalley of this county has run this gang away from Kings county waters, and they have located in a territory that is not often frequented by people, and the *Democrat* learned their location through a gentleman who had been out hunting stray horses. The fishermen are out of reach of Fish Warden Smalley in his official capacity. If the black bass that were planted in Kings river are to be allowed to multiply these fishermen must be taken in.

TWO JUVENILE NINES.

They Represent Different Fire Engines—Play Exciting Games.

The chemical and Engine No. 2 of the fire department each have a juvenile baseball team, and the nines have been having some exciting contests of late. The games are played on the vacant lot adjoining No. 2's house on K street, and the boys play good ball. The last match, which took place on Monday, resulted in a victory for the chemical nine, the score being 44 to 17. There were about 150 spectators in attendance at this game.

The following is the personnel of the teams: Chemicals—Olson l f, Barnaby c f, Chapman r f, Young p, Green c, C. Ford s s, B. Ford 1st, Dagnan 2nd, Homan 3rd. Engine No. 2—Lay c, Curran p, Boyle 1st, Gearheart 2nd, Johnston 3rd, Morton s s, Rogers l f, Baker c f, Chenowith r f.

Hedges was the sub for the Chemicals.

ESCAPED FROM JAIL.

Selma Officers Trying to Locate a Bicycle Thief.

Constable Zimmerman and Deputy Delashmutt of Selma are trying to locate a man who gives his name as John Clark and who is believed to be somewhere in Southern California. The fugitive arrived in Selma a few weeks ago, and after hanging around the town for some time disappeared suddenly with Rev. F. E. Coulter's wheel, which he had stolen.

The thief was apprehended in Tulare and locked up there awaiting the arrival of an officer to take him back to Selma. But the morning that Deputy Delashmutt came it was found that the prisoner had escaped by cutting his way out of the jail. Since then no trace of Clark has been found. The thief had ridden the wheel to Tulare, and Delashmutt recovered it there. It had suffered severely from hard usage.

TRUSTEE STROUD RESIGNS.

Mr. Cauch Appointed an Assistant in the Normal.

J. A. Stroud has resigned from the position of trustee of the Selma union high school district, Superintendent Kirk receiving the notification yesterday. Mr. Stroud's successor will be appointed by Mr. Kirk.

F. R. Cauch, who for several years has been connected with the Selma schools, has been appointed assistant professor in chemistry at the state normal school in San Jose. He will enter upon the duties of his new position when the term begins in a few weeks. Mr. Cauch was recently appointed a member of the County Board of Education by the supervisors, and they will have to make another selection because of Mr. Cauch's removal from the county.

PERSONALS.

Hon. G. W. Cartwright was in town yesterday.

Colonel S. S. Wright went to Los Angeles last night.

C. A. McCoy and family will start overland this morning for Pismo beach. They will go by way of Antioch, San Jose and Santa Cruz and be gone about six weeks.

Mr. George Meyers, accompanied by J. F. Haley, late of *The Keystone*, left last evening for Chicago, Ill., where Mr. Haley expects to make his future home. Mr. Meyers will continue on to New York.

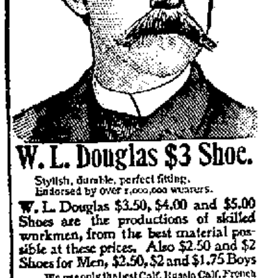

John Hoxie is down from Mud Springs mine in Madera county and reports mining matters in that neck of the woods as promising. He remained but a few hours and then struck for tall timber again.

Gone to the Land of Fog.

L. B. Church and wife, Thomas Turnbull and wife, J. H. Huff and wife, Mrs. N. A. Hickok and children, and Mrs W. T. Harding have gone on a camping trip to Humboldt county. They expect to furnish Fresno blood for the fleas of the north, to cook Humboldt potatoes with bear meat, and utilize the fog in secreting themselves from the speckled members of the finny tribe. The party will be absent about six weeks, and of course will be very careful not to violate the deer law. But woe to the bear and fish, the mountain lions and jack-rabbits that show fight. The hunters are armed to the teeth and are prepared for big game. They expect to have a grand time.

Writes of the Benefits Received From Dr. Miles' Restorative Nervine.

DR. MILES' Restorative Nervine is particularly adapted to the restoration of health broken down by hard mental work. Rev. W. M. Slaughter of New Haven, W. Va., writes: "I suffered with extreme nervousness, dizziness, dull and nervous headaches and sleeplessness. My heart came to troubling me, I was short of breath from the least exertion, and suffered much pain in my left side. Medicine and physicians gave me no relief. I procured Dr. Miles' Restorative Nervine, New Heart Cure and Nerve and Liver Pills, and I am sure no words of commendation as to the results can be too strong. I sleep well, the dizziness and confused feeling have disappeared, my heart troubles me no more and I feel perfectly well."

Summons.

In the superior court of the county of Fresno, State of California.

The California Savings and Loan Society, a corporation, plaintiff, vs. J. P. Koch, Robert Mack, E. B. Perrin, D. J. Guggenhime, E. M. Stieljes, Frank H. Short, C. H. Williams, Sarah A. Williams, The Fresno Land Company, a corporation, John Doe and Mary Roe, defendants.

Action brought in the superior court of the county of Fresno, State of California, and the complaint filed in the office of the clerk of said county. J. F. Cowdery, attorney for plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA send greeting to J. P. Koch, Robert Mack, E. B. Perrin, D. J. Guggenhime, E. M. Stieljes, Frank H. Short, C. H. Williams, Sarah A. Williams, The Fresno Land Company, a corporation, John Doe and Mary Roe, defendants.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the superior court of the county of Fresno, State of California, to answer the complaint filed therein, within ten days, exclusive of the day of service, after the service on you of this summons if served within this county, or if served elsewhere, within thirty days.

The said action is brought to obtain a decree of this court for foreclosure of a mortgage, described in said complaint, made, executed and delivered, by said defendants, J. P. Koch and Robert Mack, to said defendant, E. B. Perrin and one J. D. Randol, on the 9th day of December, 1890, to secure payment of a promissory note of same date described in said mortgage and complaint, made, executed and delivered by said defendants, Koch and Mack, to said defendant, Perrin and said Randol, payable four years after date, for the sum of $13,000.00 with interest at the rate of seven—7—per cent per annum, interest payable semi-annually, and if not so paid to be compounded.

That said mortgage was recorded in Recorder's office, Fresno county, in Vol. 75 of mortgages, page 332, et seq., and effects that certain real property, situated in Fresno county, State of California, described as follows, to-wit:

Lots 212, 213, 214, 178, 179, 180, 181, 182, 148, 144, 147, 109, 110, 148, east ½ of 183, 205, 206, 207, 206, 201, east ½ of 183, east ¼ of 184, containing together about four hundred and ten—410—acres as laid down and designated on the map thereof, entitled, map of Perrin Colony No. 2, which map was filed for record in the office of the county recorder of said Fresno county, on the eight—8—day of October, 1890, and is hereby referred to for further or more description.

Plaintiff alleges that on December 27th, 1890, said Randol, assigned all of his interest in said note and mortgage to said defendant Perrin and thereupon said defendant Perrin, assigned said note and mortgage to plaintiff herein, who is still the holder and owner of said promissory note and mortgage.

That at the request of defendant E. B. Perrin, and defendants J. P. Koch and Robert Mack, plaintiff released the west half of number two hundred and thirteen, all of lots (201, 207, 208, 143, 181) two hundred and one, two hundred and seven, two hundred and eight, one hundred and forty-three, and one hundred and eighty-one, have been released from the operation of said mortgage.

Plaintiff alleges that there is now due and unpaid on said promissory note and mortgage to plaintiff, the sum of $13,000 00 with interest thereon from December 9th, 1890, at the rate of seven—7—per cent per annum, all in gold coin of the United States.

Plaintiff further alleges that the value of the property described in said mortgage is not sufficient to discharge the amounts due to the plaintiff upon said promissory note and that said property produces an income from rents which should be equitably applied in satisfaction of said debt; and that it is necessary, in order to protect the plaintiff, that a receiver of said property should be appointed in this action to collect the said rents and to apply them as this court may direct by its decree in this action.

Plaintiff prays for judgment against defendants J. P. Koch and Robert Mack, for $13,000.00 in gold coin and interest thereon at seven—7—per cent per annum from December 9th, 1890

That a receiver be appointed by the court in this action upon the filing of the complaint, or at any time thereafter upon plaintiff's motion to take possession of said premises, and to receive the rents, issues and profits thereof, and to apply them as this court by its final decree may direct.

That the usual decree be made for the sale of said mortgaged property for gold coin of the United States by a commissioner appointed by this court, according to law and the practice of this court; that the proceeds of such sale be applied to the expense of such sale, and to the payment of the judgment in this action; that all of said defendants and all persons claiming from or under them or from or under either of them subsequent to the execution and recording of said mortgage as aforesaid, be barred and forever foreclosed of and from all right, claim or equity of redemption in said described mortgaged real property, and every part and parcel thereof.

That the plaintiff or any other party to this action may become the purchaser at said sale. That a proper and sufficient deed of conveyance of said real property when so sold be executed to the purchaser, and that said purchaser be let into the possession of such real property and for judgment against the makers of said note for any deficiency. And for such other and further relief in the premises as shall appear to be meet and agreeable to equity, as will more fully appear by reference to said complaint.

And you are hereby notified, that if you fail to appear and answer said complaint as above required, said plaintiff will apply to the court for the relief demanded in said complaint.

Given under my hand and the seal of the Superior court of the county of Fresno, state of California, this 11th day of December, 1896.
